

# ROUTE 66 Brunch Buffet

Route 66, The Mother Road and The Road Less Traveled are all names of the nostalgic highway that connected the American Midwest to the West. This pre-interstate, pre-fast food passage tells a story of time, taste and change. From the birth of Blues and flapper clubs to the roadside motel, Airstream trailers and truck stops, it is a unique time period. To pay homage to this truly American experience, The Iron Horse Hotel is pleased to present the Route 66 Brunch.
